

Introducing Easibuild by Easibathe

The complete building service

Free Survey & Quotation

Our team of experienced surveyors carry out site visits to determine your exact requirements, then provide you with a competitive quote.

Legal Requirements & Planning & Design

As part of our service, we gain all the necessary planning information, required consents and permissions and then produce all plans and technical drawings needed to accompany any applications.

Building works Garage Conversion & House Extensions

Our building works are completed to the highest standards. We employ a wide variety of trades to enable us to carry out all aspects of work involved in completing your projects. These include Brickwork, Roofing, Central heating, Plumbing, Double Glazing and Interior & Exterior decorating.

Wet room installation

We ensure that every job is project managed and we'll keep you fully informed throughout the duration of the work. The quality of our workmanship and the professionalism of our team ensure that your project is completed to the highest standard.

At Easibathe we are best known for our specialist bathing work, however, we now offer a full range of building services. Our Easibuild team offers a wealth of experience when it comes to building solutions, taking care of the entire project from design to installation. Renowned for our high level of customer care with a philosophy for making life easier, our Easibuild team will exceed your building expectations. To arrange a site visit or to discuss your building requirements in more detail please call freephone **0800 321 7430**.
